TABLE FINDER

Modul: Web programiranje
Predmet: Web programiranje PHP 2

Student: Katarina Kalanj 89/18

Beograd, mart 2022

Sadržaj

1. Uvod

1.1 Korišćeni programski jezici

Sajt je pravljen korišćenjem jezika PHP, Laravel, HTML, SCSS, Javascript, jQuery.

1.2 Template

Nije korišćen template.

1.3 Opis funkcionalnosti

Sajt je zamišljen kao blog za pronalaženje grupa ili igrača za tabletop igre.

- Logovanje i registracija sa validacijom podataka na serveru.
- Kontakt forma namenjena adminu sajta, provera podataka ajaxom, slanje podataka ajaxom, serverska provera. Nakon uspešnog slanja, podaci se skladište u tabelu messages u bazi. Za poštu je korišćen Mailtrap.
- Na stranici Tables su inicijalno izlistani osnovni podaci o stolovima uz paginaciju putem ajaxa. Pretraga se takođe vrši putem ajaxa. Moguće je resetovati pretragu. Ispod se nalazi div sa reklamama koje su dinamički učitane iz baze.
- Klikom na see more(donji desni ugao stolova) otvara se stranica sa informacijama o specifičnom stolu. Ukoliko je korisnik vlasnik stola, prikazuju se dugmad za edit i delete.
- Komentari se učitavaju ajaxom, postoji opcija za brisanje ili editovanje svog komentara, dok vlasnik stola ima mogućnost brisanja tuđih komentara. Mogu se posetiti profili drugih korisnika.
- Account stranica je profil korisnika. Po registraciji dobija default sliku. Klikom na Edit Account ima mogućnost menjanja game role-a, dodavanje slike i menjanje about sekcije.
- Ucitani su stolovi koji pripadaju korisniku, kao i tabela sa njegovim komentarima, datumom i vremenom, i linkom ka stolu na kom je komentar ostavljen. Klikom na New Table prelazi na stranicu za kreiranje novog stola, svi podaci osim slike su obavezni.
- Admin stranica sadrži podatke o ostatku sajta, sve se dohvata i prosleđuje ajaxom i ispisuje u centralnom divu.
  - Activity – izlistane aktivnosti korisnika iz log.txt fajla, mogućnost filtriranja po izabranom datumu. Beleži se log in, logout, CRUD komentara, CRUD stolova, editovanje profila.
  - Users – izlistani svi korisnici uz mogućnost brisanja i editovanja. Moguće je promeniti username, password, ulogu(user ili admin). Front i back provera, kontroler proverava da li je request ajax ili ne. Brisanje ajaxom. Mogućnost kreiranja novog korisnika sa dodelom uloge.
  - Tables – izlistani stolovi uz mogućnost brisanja i editovanja. Moguće je editovanje naslova i opisa.
  - Comments – svi komentari poređani od novijih, sa stolovima i username-om korisnika. Omogućeno brisanje.
  - Game Systems – izlistani svi sistemi, mogućnost editovanja kao i kreiranja novih.
  - Messages – tabela iz baze sa mailovima koji su poslati adminu, moguće brisanje.
  - Ads – izlistane reklame sa linkovima, tekstom, slikama i statusom. Ako reklama nije aktivna, ne učitava se u slideshow na Tables stranici. Moguća izmena teksta, statusa i slike, kao i brisanje i kreiranje novih reklama.
  - Socials – lista linkova ka socijalnim mrežama koje su ispisane na Home stranici, moguće dodavanje novih, izmena i brisanje postojećih.

3. Slike stranica

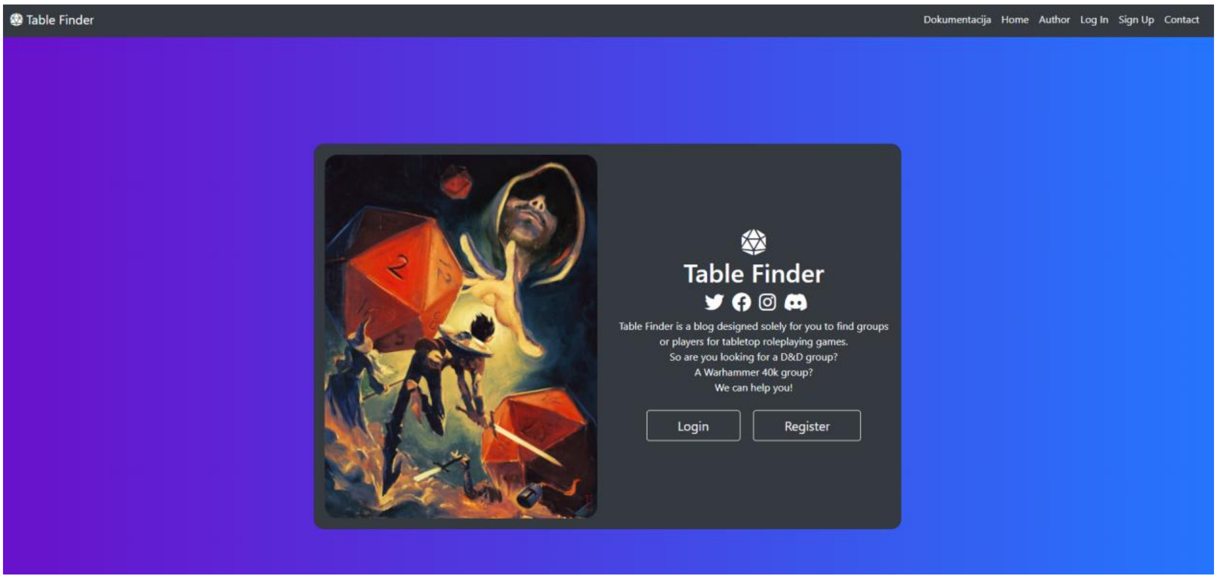

Table Finder is a blog designed solely for you to find groups
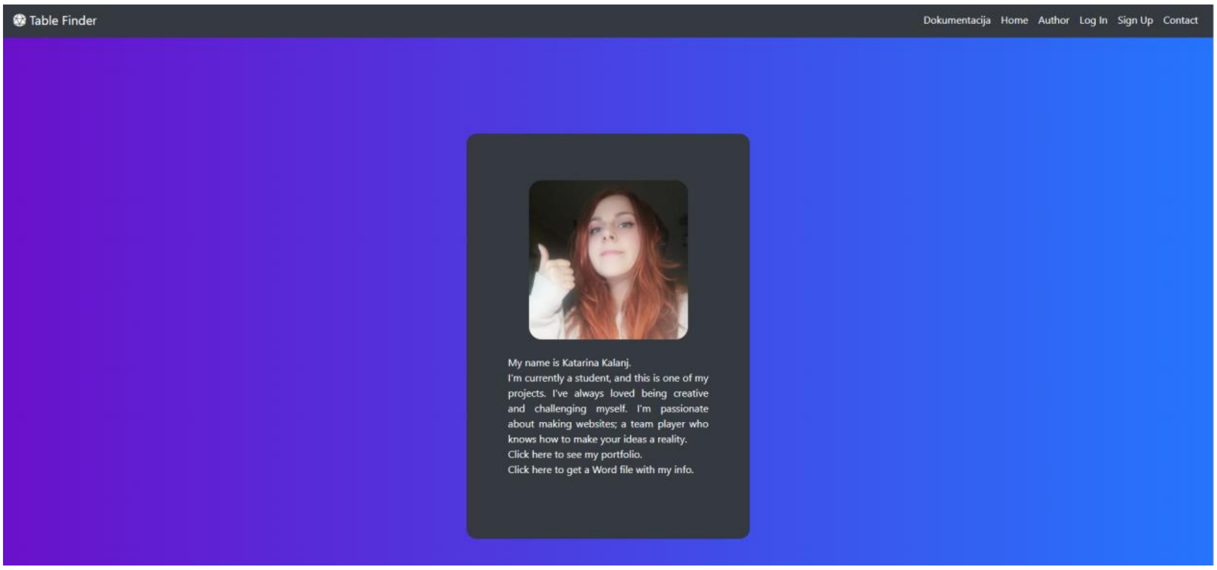
or players for tabletop roleplaying games.
So are you looking for a D&D group?
A Warhammer 40k group?
We can help you!



My name is Katarina Kalanj.
I'm currently a student, and this is one of my projects. I've always loved being creative and challenging myself. I'm passionate about making websites; a team player who knows how to make your ideas a reality.
Click here to see my portfolio.
Click here to get a Word file with my info.

TABLE DESCRIPTION :

In this campaign, the sea is your biggest foe. Ghosts of Saltmarsh combines the popular adventures from the first edition of Dungeons & Dragons, with upgrades to include 5th edition rules and mechanics. Ghosts of Saltmarsh offers flexibility depending on how long you want to play the campaign. You can go through all seven adventures back to back, or you can go through one adventure to tell a complete story if you prefer the one-shot approach. As the backdrop is at sea, Ghosts of Saltmarsh features seven campaigns brimming with pirates, terrifying fish people, and krakens to face in nautical battle.

Chase to Ground admin2 edit

Name

First, you have the Heroes Chasing the Villain. The villain, after a series of encounters with the heroes, is running to safety, to some place where he can acquire more power, or to somehwere he can accomplish some dread purpose such as assassination or mass murder. The heroes chase him, have to deal with the obstacles he leaves behind, and finally catch up to him before or just as he reaches his goal. Here, we have the final duel between the villains forces and the heroes. Second, you have the Villain Chasing the Heroes. Often, in a story like this, the heroes have found out how to defeat the villain -- such as getting to a particular temple and conducting a particular ritual. The villain chases them all through their quest, catching up to them just as they're commenciing their ritual; they must, with heroic effort, conclude the ritual while suffering his attacks. Third, you have the Master Villain's Sudden Escape Attempt. This takes place in adventures where the Master
